

RYLSOL ACETYLENE

Applications:

Oxyacetylene welding at 20 bar working pressure.

Material:

Synthetic rubber tubing, smooth, reinforced with polyester fabric.

Surface:

Smooth.

Identification:

Marked Rylsol AC.

Colour: Red

Standard length:

100 metre rolls.

Temperature Range:

-20°C to 80°C.

Standard:

EN 559.

Oxyacetylene equipment in industrial welding workshops.

APPLICATION:

RYLSOL AC hose (Red)

TECHNICAL DATA

Code	Internal-External Diameter (mm)	Service Pressure (bar)	Bursting Pressure (bar)	Standard Length (m)
02150	6 x 14	20	60	100
02151	8 x 16	20	60	100
02152	9 x 16	20	60	100
02153	10 x 18	20	60	100
02154	12 x 21	20	60	100
